In addition, the following special Green Line services will operate:

Both RLH61 and RF433 are scheduled to operate on 16 April 2006

These services are provided free of charge, at the discretion of the vehicles' crews. Vehicles are privately owned and the costs of their operation and upkeep are met by the owners. The services are not part of the London Buses network and Transport for London has no responsibility for them. Use of bus stops and bus stands is by agreement with TfL on this basis. Drivers are required to comply with all instructions given by authorised officials of TfL and London Buses on the use of bus stops and bus stands. In the event of any difficulties affecting London bus services, be aware that drivers may be required immediately to vacate bus stops and stands. Please take care when entering and leaving vehicles.
